

3 SOLUTIONS TO FINANCE THE GREEN DEAL

Proposals to scale up EU ambitions and obtain financial guarantees to win the climate battle

WEDNESDAY, 16TH OF OCTOBER – 13:30 > 15:30

European Parliament, Room PHS3C50

With the support of Jacques Delors Institute and FEPS

13:30 CONFERENCE

Are the responses from EU policymakers commensurate with the climate challenge? Are the promises for a Green Deal and a Climate law enough to win the climate battle? Is there sufficient serious commitment to allocate enough budgetary and financial resources to make the Green Deal a success? On 16 October, we invite in the European Parliament young climate strikers, leading experts in climate science, economics and law, to explore concrete solutions and specify what additional guarantees are needed for enough budgetary resources to make the Green Deal win the climate battle, before the new Commission is installed. We will talk about concrete solutions to face the historical climate challenge: a concrete plan called the "Climate-Employment Pact", which is capable of mobilizing 400 billion € per year for climate investment and create more than 5 million jobs without taxing common citizens.

15:30 NETWORKING TIME 15:30 > 16:30

16:30 Speakers will be available for interviews

REGISTRATION

For people who need an accreditation to access the European Parliament building, registration is compulsory and preferably before 11 October and at the latest before 13 October, via this link: <https://forms.gle/YaWmnnv8jkA79Y3n7>
